

Cycle Wheel 2

1. Read the book Tadpole to Frog.
2. Fill in the blanks with a word from the story.
3. Cut out each rectangle.
4. Match the number on each rectangle to the same number on the back of your cycle wheel.
5. Paste the rectangles (where the numbers match) on the cycle wheel.
6. If you need help, use the "sample cycle wheel" I made.

1. A jelly-like coating protects the _____.

2. A tiny _____ wriggles from each egg.

3. The tadpole grows two back _____ and gills for breathing underwater.

4. Its mouth grows wider for eating _____.
It grows front legs too.

5. At about _____ weeks, it's gills are gone.
Its tail is just a stump.

6. It leaves the water to live on land.
It's a baby _____!
